## GROUP SUPPORT AND INFORMATION

Authors Dick Towner and John Tofilon, along with Shannon Plate, have developed a program to help people gain control over their finances. The Freed-Up Financial Living program is designed to do just that—help you live free from debt and money worries—using biblical principles to get there.

This six-week series will utilize a program DVD for some of the information and will offer times for group discussion. Our facilitators will also be able to share their experiences and resources with you.

In this workshop you will discover tools and develop skills to help you control your finances so they don't control you. You will learn how to prioritize your financial goals, develop a personal spending plan, identify action steps to reduce your expenses, and reduce your debt!

The experiences of others can help us understand ourselves and our feelings.

No fee for class, library books or childcare (must pre-register for child care).

### Sources of Information:

The group will work with the *Freed Up Financial Living* workbook and DVD. There will be homework each week as well as small group discussions about the ideas presented.

**Class Facilitators:** This workshop will be led by Ron Stoercker, MBA. Ron brings years of accounting/financial experience and talent as well as a passion for helping participants take control of their finances.

**FORMAT: Bi-weekly sessions on Monday evenings, 7-8:30 PM.**

Each week we will cover chapters through **homework**, reading, activities, and workbook review, and in small group discussion. Each participant will receive their own personal workbook for use during the workshop and to keep as a personal guide, long after the class is completed. This will assist you to maintain your life-style changes.
